## Middle and High School Art Exhibiton

March 10 — April 12, 2020

# Booth Western Art Museum

## Children's Art Purchase Award

A piece of artwork is selected from the three annual exhibitions of Bartow County student art displayed in the Borderlands Gallery: *Kids Cowboy Up!*, *Primary & Elementary School Art Exhibit*, and *Middle & High School Art Exhibit*. One piece is purchased from each exhibit; selected for excellence in composition, technical skill, execution, and subject matter. Winning artists receive a Purchase Award and have the distinction of being displayed in the Booth Museum's Children's Gallery. The Booth Western Art Museum hopes these examples of creativity and excellence in art will inspire visitors of all ages.

The Booth Museum's Education Department presented the 2020 Middle and High School Exhibition Purchase Award to Woodland High School student Holly Quick for her illustration, *What Really Matters*. This piece will join other student works in the Booth Museum's Children's Gallery

## **Bartow County and Cartersville City Schools**

At Booth Western Art Museum we take pride in providing a venue for emerging and talented young artists. The artwork in this exhibit is the product of students from middle and high schools in the Bartow County and Cartersville City School Systems.

Throughout the school year, art teachers in each of the middle and high schools expose their students to a wide variety of art mediums. For this exhibit, each art teacher has selected a number of pieces that are representative of the work of their school art programs.

The middle and high schools represented in the exhibit include: Adairsville Middle School, Adairsville High School, Cartersville Middle School, Cartersville High School, Cass Middle School, Cass High School, Excel Christian Academy, Red Top Mountain Middle School, Woodland Middle School and Woodland High School.
